- EIMaamora, Alexandria, Egypt

### EDUCATION

#### PROFESSIONAL TRAINEE (9 MONTH)

#### INFORMATION TECHNOLOGY INSTITUTE

#### OPEN SOURCE APPLICATIONS DEVELOPMENT

2022 - 2023

#### BACHELOR OF ENGINEERING, COMMUNICATIONS AND ELECTRONICS

#### ALEXANDRIA UNIVERSITY

GPA : 3.37 / 4.0

2017 - 2022

### TECHNICAL SKILLS

#### PROGRAMMING LANGUAGE

- Java
- Python
- C / C++
- JavaScript

#### FRONT-END DEVELOPMENT

- Bootstrap
- Saas
- Typescript
- ES6
- HTML & CSS
- Vue Js
- Angular
- React Js
- JQuery

#### BACK-END DEVELOPMENT

- PHP
- Express Js
- Node Js
- Ruby on Rails
- Django
- Laravel

#### DATABASE MANAGEMENT

- Mongo DB
- SQL/MYSQL

#### OTHERS

- Design Patterns
- OOP
- Data Structures & Algorithms
- Git
- AWS

### SOFT SKILLS

- Communication
- Adaptability
- Problem-Solving
- Teamwork
- Time Management

### SUMMARY

Highly skilled and motivated software engineer with 2 years of experience in full-stack web development. Proficient in Java, Python, and JavaScript, with extensive experience working with React and Angular frameworks. Strong background in Agile development methodologies and automated testing, as well as excellent problem-solving and communication skills.

### TRAINING

#### Front End Developer, ITI Tech-Leaps (Online)

Aug 2022 – Oct 2022

#### Web Development Intern, The Sparks Foundation

Made a dynamic website of Basic Banking System.

March 2022 - April 2022

### ACADEMIC PROJECTS

#### Tic Tac Toe Game (GitHub) | April 2023

Angular-based Tic Tac Toe game with player turns and reset functionality.

#### Students Blog (GitHub) | April 2023

Angular-based student blog with form validation, routing, CRUD functionality, data persistence, and custom error page.

#### Articles System Dashboard (GitHub) | April 2023

Collaborated on a PHP-based Articles system dashboard with advanced search and filtering tools, and Amazon S3 integration for fast image uploads.

#### Pharmacy System Dashboard (GitHub) | March 2023

Collaborated on a Laravel-based Pharmacy system dashboard with filters for order management, charts and graphs for revenue tracking, accessible to pharmacy owners and staff.

#### E-Commerce Website (GitHub) | March 2023

Collaborated on an HTML/CSS/Bootstrap/JS-based e-commerce website with product listings, shopping cart, and checkout process.

#### Rock Paper Scissors Game (GitHub) | Feb 2023

HTML/CSS/JS-based Rock Paper Scissors game with player vs computer mode and random choice generation.

#### Basic Banking System (GitHub) | April 2022

Web app based on HTML, CSS, JS, PHP, and MySQL with money transfer, transaction history, and balance checking features.

### EXTRACURRICULAR ACTIVITIES
