SUMMARY

As a highly motivated and detail-oriented Full Stack Developer, I am passionate about developing efficient and innovative software solutions. I have experience in both front-end and back-end development, as well as knowledge of Agile methodologies. I possess strong soft skills such as communication, teamwork and problem-solving, which enable me to work effectively in collaborative environments. I am dedicated to continuous learning and improvement, and strive to stay up-to-date with the latest technologies and industry trends.
